EDUCATION

LAUTECH
Computer Science
(In Progress)

Aptech
Certified Professional

PROTOCOL ARSENAL

- Community Architecture
- Raid & Growth Strategy
- Crisis Management
- Token Gating & Bots
- UI/UX & Graphic Design
- Frontend Development

THE BLUEPRINT

Strategic Web3 operator focused on building and protecting community-led protocols. I bridge the gap between developer roadmaps and community sentiment by combining deep cultural knowledge with technical expertise in **Computer Science, UI/UX, and Frontend Development**.

VERIFIED PROOF OF WORK

$life2app
ECOSYSTEM AMBASSADOR

- Led brand advocacy and educated new holders on protocol utility to drive organic onboarding initiatives.

$Purgetoken
COMMUNITY MODERATOR

- Neutralized FUD and managed high-stakes crisis communications during market volatility to protect community sentiment.

$MilliClubCoin
COMMUNITY MODERATOR

- Managed daily engagement loops and maintained an active chat culture while facilitating holder feedback systems.

$Divi
RAID & GROWTH SPECIALIST

- Coordinated high-volume organic marketing campaigns and Twitter/X raids to maximize project visibility.

TECHNICAL VERSATILITY

Beyond community management, I leverage my **Computer Science** background to provide technical value to the projects I support:

UI/UX Design | Frontend Development | Graphic Design | Discord/TG Bot Architecture | FUD Crisis Handling
